VISAKHAPATNAM REGIONAL CENTRE

Introduction

Visakhapatnam Regional Centre is the third Regional Centre in the State of undivided Andhra Pradesh in addition to Hyderabad and Vijayawada. It was inaugurated on 29th March, 2011 by the then Honourable Minister of State for HRD, Govt. of India, Smt. Dr. D. Purandeswari Garu. It has been carved out of the Vijayawada Regional Centre. The objective for establishment of Visakhapatnam Regional Centre is to provide higher educational opportunities in the rural and remote areas of the Region and to extend better student support services to the students of North Coastal Andhra and Godavari Districts of Andhra Pradesh. Since the establishment of Visakhapatnam Regional Centre during the last six years it has made consistent efforts in increasing the LSC network in the Region by establishing more study centres in different second level towns and rural areas. When these districts are in the jurisdiction of Hyderabad and Vijayawada for about 23 years they established 4 Study Centres in the Region. After establishment of Visakhapatnam Regional Centre it has established 11 new LSCs in 6 years in the second level towns and rural areas which are not covered earlier.

Demographic Profile of the Region

Visakhapatnam Regional Centre has been allotted Srikakulam, Vizianagaram, Visakhapatnam, East Godavari and West Godavari of Andhra Pradesh. Recently Yanam District of Pondicherry UT has also been allotted. There are Learner Support Centres in all the districts in A.P. The Study Centres are located in all major towns of the region which include Visakhapatnam, Kakinada, Rajahmundry and second level towns like Amalapuram, Vizianagaram, Srikakulam and rural places like Tuni, Rajam and Sanigudem. The sub-urban areas like Gajuwaka and Anakapally are also covered with IGNOU Study Centres. All these Study Centres are located in well-established colleges, universities and institutions. In order to understand the socio-economic, literacy and demographic profile of the region, it is better to know the brief profile of the districts allotted to the Visakhapatnam Regional Centre. The five districts of AP and Yanam district of Pondicherry UT are one contiguous unit in the northern part of Coastal Andhra Pradesh. It is predominantly rural area with considerable number of Scheduled Caste and Scheduled Tribe population in the region. In Visakhapatnam district the urbanization is more than 47%, where as Yanam is completely urban district without any tribal population. East and West Godavari districts are having 18.34% and 20.62% Scheduled Castes population respectively and Visakhapatnam and Vizianagaram are having 14.42% and 10.05% Scheduled Tribe population respectively. Yanam, West Godavari and East Godavari districts are having above 70% literacy rates and Vizianagaram and Srikakulam are having lowest literacy rates in the region. District wise profiles are given below for better understanding:
1. **Srikakulam**: Predominantly backward and rural area with 83.8% of rural population in 1701 inhabited villages. Seethampeta area is predominantly covered by Tribal population and ITDA is working there for taking care of developmental activities of people and the area. The literacy rate is 61.74% with 9.46% SC and 6.15% ST population.

2. **Vizianagaram**: Rural and backward district with 79.1% of population residing in rural areas with 1452 inhabited villages. Pravathipuram is the tribal area with ITDA working for the development of Tribal people and the area. The literacy rate is 58.89%, with 10.57% SC and 10.05% ST population.

3. **Visakhapatnam**: Major town with industries and educational facilities in the region. The rural population of the total district is 52.5% and 47.5% urban population in the district. There are 3072 inhabited villages, 1 Municipal Corporation and 14 small towns and municipalities. Paderu is the Tribal area with an ITDA taking care of developmental activities in Tribal area and the people. The literacy rate is 66.91%, with 7.68% SC and 14.42% ST population in the district.

4. **East Godavari**: It is second biggest district of AP with 74.5% rural population and 25.5% urban population in 1312 inhabited villages and 19 urban units of towns and municipalities. Rampachodavaram is the Tribal area with ITDA taking care of developmental activities of people and the area. The literacy rate is 70.99%, with 18.34% SC and 4.14% ST population in the district.

5. **West Godavari**: It is one of the intensive agricultural farming districts where the experiment of green revolution has been implemented to increase the agricultural food production in India. 79.5% population of the district are rural and 20.5% of population lives in urban areas. K.R.Puram is the Tribal area with an ITDA for undertaking developmental activities in the area and for people. There are 842 inhabited villages and 13 urban units of towns and municipalities in the district. The literacy rate is 74.63%, with 20.62 % SC and 2.77% ST population in the district.

6. **Yanam**: It is completely urban district without any tribal population with 79.47% literacy rate and 15.15% SC population.

The social base of the region in terms of area population, gender, rural urban, SC/ST and literacy are given in the table below:

*Source: District Census Handbooks of 2011.*

As per the latest census data, the Region is predominantly rural with above 70% rural population except Visakhapatnam district. Srikakulam is the most rural district and Vizianagaram is the lowest literacy district. Visakhapatnam and Vizianagaram are the highest tribal populated districts. All the 5 districts of AP are having ITDAs for exclusive development of tribal areas. Yanam do not have IGNOU study centre and West Godavari and Vizianagaram are having less number of study centres in the Region.
REGIONAL CENTRE ACTIVITIES

Regional Centre's in IGNOU undertake many activities like admissions, re-registration, examinations, counseling the students, establishment of LSCs, monitoring of support services, promotion of IGNOU academic programmes, organizing annual convocation, conducting orientation programmes for academic counselors and expanding the ODL opportunities in the Region. Visakhapatnam Regional Centre is no exception and undertake all these activities. It also actively observes all the important occasions like Republic Day, Rashtriya Ekta Diwas, National Youth Day, Constitution Day, IGNOU Foundation Day, Prof. G. Ram Reddy Memorial Lecture, Yoga Day, Dr. B.R. Ambedkar Birth Anniversary, Independence Day and Vigilance Awareness Week etc., during the year. However some of the important events are highlighted in this profile.

IGNOU Foundation Day

Regional Centre celebrated 31st IGNOU Foundation Day on 19th November 2016. Prof. K.S. Chalam, Former VC, Dravidian University and Former Member, UPSC is the Chief Guest during the Foundation Day Celebrations. The programme started with lighting of the lamp by Prof. K. S. Chalam and RD, Dr. S. Raja Rao. Floral Tributes were paid to Mrs. Indira Gandhi, the Former Prime Minister of India, in whose memory IGNOU is established. Prof. K. S. Chalam also inaugurated the Photo Exhibition depicting the different activities of Visakhapatnam Regional Centre during the last five years. The Study Material produced by IGNOU for different Academic Programmes is also displayed in the Exhibition. On this occasion, IGNOU Visakhapatnam Regional Centre conducted "City Inter-Colleges Essay Writing and Elocution Competitions" for the Degree 3rd Year Students from different colleges in Visakhapatnam. Prof. K. S. Chalam appreciated the work done by IGNOU Visakhapatnam Regional Centre in expanding higher educational opportunities and complimented its efforts in establishing Study Centres in Rural Areas in the Region. First, Second and Third prizes shall be distributed to the students who participated in Essay Writing and Elocution Competitions and Certificate of Participation has been given to all the participants.

Induction Meetings

Induction Meetings play very vital role in the teaching-learning process in Open Distance Learning System. Organizing induction meetings after finalization of admission is mandatory for all the LSCs with prior intimation to the students and the Regional Centre. Regional Director and Asst. Regional Directors make it a point to attend the Induction Meetings at different LSCs and explain the role of self-learning, support services provided through the LSCs for students, about the theory and practical counselling, learning through assignments and projects. Induction Meetings act as peer interaction sessions so that the students know each other and the services provided through the
LSCs for the students. The students are advised to make best use of the support services provided to them. They are conducted in both the sessions of January and July. The Heads of Host Institutions (HoHI) are also actively involved in the Induction Meetings held at the LSCs.

**Awareness Campaigns**

Visakhapatnam Regional Centre initiated many steps to increase the student enrolment in different programmes. The student enrolment during the last six years is reasonably encouraging for a new Regional Centre like Visakhapatnam. Intensive efforts are taken up for targeted interaction with the students during the interactive meetings at the colleges and through the print media that helped Visakhapatnam Regional Centre to make its presence felt in the town. RC Visakhapatnam is confident that the enrolment shall increase gradually. Regional Centre has distributed the promotional literature to more than 600 Colleges in the Region. Awareness campaigns are being conducted at regular intervals at all the study centres and the colleges. Special admission drives were taken up in Visakhapatnam, Rajahmundry, Kakinada and Rajam during the year. Large number of prospective students from the colleges have attended these programmes and became aware of variety of academic programmes offered by IGNOU.

**Press Conference & IGNOU in Print Media**

As per the practice Visakhapatnam Regional Centre organises regular press conferences during the admissions both at the Regional Centre and in the Study Centres. One such Press Conference was organised on 13.07.2017 at the RC Premises. All the main stream newspapers have deputed their Reporters to the press briefing. It was very prominently covered in all the papers. Some of the local electronic media reporters also attended and aired the news in the cable network. Regional Centre issues the press releases both in English and Telugu languages on every important occasion to cover the news item in their newspapers. The prominent newspapers of the Region like, The Hindu, The New Indian Express, Deccan Chronicle, The Times of India, The Hans India, Eenadu, Saakshi, Andhra Jyothi, Andhra Prabha, Leader, Prajashakthi, Vishalandhra, Andhra Bhoomi, Vaartha and Vijayabhanu carries the IGNOU news items regularly in their columns. Some of them carry feature stories about IGNOU during admission seasons. The press has been positively helping IGNOU in building its image in the public domain.

**OUTREACH ACTIVITIES**

**Village Adoption**

Sabbavaram Village, which is around 25 kilometers away from the Regional Centre has been adopted for promoting IGNOU academic programmes among the youth of the village. IGNOU academic programmes’ leaflets have been distributed in the village among the rural
youth with the support of the Visakha Dairy and awareness meetings were also conducted with the support of Govt. College, Sabbavaram. Regional Centre officials also met the public representatives at Mandal Praja Parishad in Sabbavaram Village in this connection and appraised about the IGNOU academic programmes and their suitability to the rural youth in increasing their skills and employment opportunities. Specific information about Diploma in Dairy Technology (DDT) and Awareness Programme in Diary Forming (APDF) have been given to the rural youth as these two programmes are on offer in regional language - Telugu - from the Programme Study Centre located in Visakha Dairy Training Centre.

Handloom Clusters Report

Visakhapatnam Region is relatively rural and backward Region. Not many large scale industries are in existence, except in Visakhapatnam - in other districts. Agriculture is basic occupation for the people in the rural villages in almost all the districts. There are 19 villages in the Region which are resided by the weavers community. The Regional Centre Team have visited the villages on Saturday, 8th October 2016, for understanding the field level problems faced by the weavers and submitted a preliminary report during the South Zone RDs Meeting held in Madurai on 14th - 15th October 2016. The villages visited include (1) Denkada in Vizianagaram, (2) Rajam and (3) Ponduru in Srikakulam districts. The report highlighting the problems was presented during the RDs’ Meeting in Madurai. The major problems include lack of working capital for societies, lack of marketing facilities, shortage of cotton, no encouragement from public/government and youth are not keen to take up the profession as a lively hood option.

ACHIEVEMENTS

Skilling Rural Youth

IGNOU Visakhapatnam Regional Centre is making consistent efforts to provide inclusive higher educational opportunities through skill based Dairy Programmes for rural youth. IGNOU has established a Programme Study Centre (84003P) in Visakha Dairy Training Centre in association with Visakha Dairy to offer Diploma in Dairy Technology (DDT) programme as dairy sector provides variety of job opportunities for rural youth. Visakhapatnam Regional Centre, in collaboration with Visakha Dairy Training Centre has been offering 2 Months Training and Skill based Awareness Programme in Dairy Farming (APDF) with 4 batches per year in Telugu Medium. APDF programme is specially targeted for upgrading the skills and providing hands-on training. The APDF Programme has been developed by IGNOU School of Agriculture (SOA). Till now 13 batches of rural youth have been admitted and trained. APDF is delivered in
16 days on every Saturday and Sunday in two months time. IGNOU trained APDF candidates are able to provide the required services in the rural areas. They are not only helping the rural people but also earning their livelihoods. Majority (95%) of APDF students are from rural areas and belong to BPL families. IGNOU has been providing 50% fee concession as per norms. The offer of APDF programme is facilitating IGNOU to achieve its objective of providing inclusive, quality and skill based training to rural youth and contributing for the nation building.

Empowering Women

Regional Centre has established an exclusive Programmes Study Centre for BSC HOT Programme in collaboration with the local Eye Hospital. An overwhelming number of more than 95% students enrolled in the programme are women. It has helped to empower the women through education. It was possible because of the PSC in the Region. Most of the students are gainfully employed after completion of the BSC HOT Degree Programme in different eye hospitals. It is amply demonstrated that the Regional Centre is able to reach out to the most disadvantaged sections of the society - Women - and educationally empowering them to get gainful employment in the society.

Increasing Access in Rural Areas

Visakhapatnam Regional Centre gave priority for establishment of Study Centres in Rural and Remote Areas in the Region where higher education opportunities are very limited. IGNOU Study Centres are established in Rural areas like Etcherla, Amalapuram, Rajam, Tuni, Anakapalle and semi-urban areas like Gajuwaka. These Study Centres have increased access to rural youth and provided higher educational opportunities to them. All the districts in the Region in Andhra Pradesh are covered with IGNOU Study Centre at present.

Social Base of Regional Centre

In order to understand the access and inclusivity of the student enrollment the social base of the student is the best criteria. The enrollment figures of four July sessions and four January sessions are examined to estimate the social base of Visakhapatnam Regional Centre. Like all India trends of student enrollment in different sessions, majority are from male, general and urban areas. However the bright side is that session after session the gap in enrollment is getting reduced with the increase of enrollment from women, disadvantages sections and rural areas. Around 30% are women, 15% are
from SC/ST, 19.5% are from OBCs and 31% are from rural and Tribal areas from the Region are taking advantage of the IGNOU Programmes, which is an encouraging sign. The targeted approach of rural people for regional medium programmes in the Dairy sector may help more and more rural students and youth.

**BEST PRACTICES**

**Public Awareness Series**

As a part of promoting IGNOU academic programmes among the targeted public and youth, Visakhapatnam Regional Centre has been regularly printing and distributing the Public Awareness Series posters in the Region among different offices, organisations, government offices and educational institutions. The result is we are getting reasonably good number of students in these programmes for admissions. In addition to the regular leaflets printed and distributed during the admissions, special public awareness series have been printed for the academic programmes of (1) Management Programmes - MBA & PG Diplomas, (2) MBA (Banking and Finance), (3) BCOM (Accountancy & Finance), (4) BSC - Nursing, (5) PGDUPDL, (6) PGDDM, (7) DCCN, (8) DNHE, (9) DAFE, (10) CAFE and (11) CFN for dissemination of information.

**Digital Kiosk & Information Counter**

RC has established a specialized Digital Kiosk and Information Counter for the support of IGNOU learners, prospective learners, visitors and general public. The counter is managed by a competent person with the support of Internet equipped computer system, Printer and Digital Display. This counter also helps the students for submitting various forms online including Admission forms. A POS machine has also been installed at this counter to facilitate the learners to pay the fees through digital mode. This arrangement helps the RC in addressing various grievances of learners with in a very short time and also able to assist them. Prospective learners are taking the advantage of the Digital Kiosk for submitting the online forms and digital payments.

**Pro-Active & Learner Centric Administration**

IGNOU Regional Centre, Visakhapatnam is making its best efforts to put in place learner centric administrative system for attending to the student needs. Open Distance Learning system is often termed as an impersonal system and the problems of the students are not attended in a time bound manner. But we in the Visakhapatnam Regional Centre always attend to the student problems on priority and try to solve the problems in a shortest possible time. Setting up of fully functional digital kiosk with POS ATM facility and digital display system are the measures in that direction. Because of the POS ATM facility students are saving bank charges and the money is directly going in to IGNOU account instantly. SMS facility has been extensively used to communicate with the students and the public for every important activity like, admissions, re-registration, exams, material collection and last dates intimation.

STUDENT ENROLMENT - SESSION / YEAR WISE

The student enrollment has been steadily progressing for a newly established Regional Centre like Visakhapatnam, which is predominantly rural - session after session every year.

STUDENT ENROLMENT - CATEGORY

The category wise enrollment trends are more inclined to general category, but the participation by the socially disadvantaged is increasing in every session and gap is decreasing. When we specially analyse the programme wise enrollment, the participation by the SC/ST is increasing with the introduction of fee exemption and fee reimbursement in select UG programmes.

STUDENT ENROLMENT - GENDER

The gender wise participation in different programmes during the four completed years, the female participation is more or less remain the same. But in select programmes like BSC Nursing and BSC - HOT, more than 90% students are women.
STUDENT ENROLMENT - AREA

When the area wise student enrolment trends are analysed, the student enrollment from the tribal and rural areas are very limited when compared to the urban area enrollment. However with the establishment of more study centres in the rural and remote areas the participation from the rural and tribal may increase in the sessions to come. But in specific programmes like DDT and APDF, an overwhelming majority of the enrollment is from rural areas and rural youth are getting enrolled.

FEES GENERATED & EXPENDITURE INCURRED

The student fees collected exclude, the TEE fees, Convocation, Sale of Forms and other receipts. The fee collection is little less due to fee exemption given to SC/ST students from July 2015 onwards. The July 2012 session Re-Registration Fees was collected by RC Vijayawada.

The incremental increase in expenditure is due to increase in number of study centres, programme study centres and other regular committed expenditure.
